

NBR 70 Compound 366470

GENERAL

RoHS (Restriction of Hazardous Substances)

None of the substances mentioned in Directives 2011/65/EU and amendment 2015/863/EU (RoHS) are intentionally introduced. Therefore they are not expected to be present in amounts exceeding the defined limit values.

Reach (SVHC)

The material does not contain any existing restricted or banned substances, according to Annex XVII of EC 1907/2006. Furthermore they do not contain substances on the "Restrictions Under Consideration" list and no presence of SVHC substances has been identified.

FOOD

FDA 21 CFR 177.2600 RUBBER ARTICLES INTENDED FOR REPEATED USE

Material is formulated with substances listed in 21 CFR 177.2600 (a-d) and extraction tested as per 177.2600 (e- f) (supplier report)

EC 1935/2004 The safety of this material has been verified by testing against the overall migration requirements as described in EU10/2011 and in accordance with EN1186.

The material has been manufactured from monomers, polymers and additives that are authorized on one or more of the positive lists of FDA 21 CFR 177.2600, Dutch Warenwet (Staatscourant 2014-8531) and French Arrêté Order of 9 November 1994. (ERT report 14086-2)

GMP EC 2023/2006

Material is produced according to the directive Good Manufacturing Practice EC 2023/2006

3A

Material has been tested and meets the requirements of 3A no^o 18-03 Class II

OTHER

The following substances are no part of the material formulation and manufacture of the material. Therefore these substances are not expected to be present on the material. However, ERIKS does not specifically analyze for the presence of the substances referred to below and ERIKS cannot guarantee the total absence or level of these substances to any specific limit or threshold value.

- Phthalates
- Animal Derived Ingredients
- GMO (Genetically Modified Organisms)
- Bisphenol A (BPA)
- Bisphenol S (BPS)
- Asbestos
- Conflict minerals
- Latex
- Fragrances
